Santa Fe-B&O Transcontinental Service Revealed

Roy B. White, President Baltimore & Ohio Railroad, and Fred C. Gurley, President of the Santa Fe Railway System, announced today that the B & O will join the Santa Fe in the establishment of transcontinental railway passenger service between Washington, D. C., and Los Angeles, California, beginning operation on March 31. Effective that date, the B & O will inaugurate through bedroom-coachette sleeping car service daily between Washington and Chicago on its all-pullman Capitol Limited, connecting with the Santa Fe Chief between Chicago and Los Angeles.

"Reality" will be the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Philippians: "Whatever things are true, whatsoever things are honest, whatsoever things are pure, just, what are things are good, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things." Matthew reports that "when Jesus was come into Peter's house, he saw his wife's mother laid, and sick of a fever, and he touched her hand, and the fever left her; and she arose, and ministered unto them. When the even was come, they brought unto him many that were possessed with devils; and he cast out the spirits with his word, and healed all that were sick." Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Harmony in man is his real and immortal self in mind." "When we learn in Science how to be perfect even as our Father in heaven is perfect, thought is turned into new and healthy channels—towards the contemplation of things immortal and away from materiality to the Principle of the universe, including harmonious man."

Agents for Greyhound & Torrance Bus Lines

LOOK to Greyhound first for DEPENDABILITY

Few other traits of character are as important in a man or a company as dependability. It is doubly important in a public transportation service.

Greyhound is fully alert to the fact that the communities of the Coast Highway depend heavily on the continuous flow of modern, local Greyhound service. Keeping and improving this high standard of operation is Greyhound's number one job.

The priceless experience gained in bus pioneering and development has given Greyhound people the "know how." Their sound understanding of the Coast's transportation problems has enabled them to build, right from the start, an expanding, ever-better local service. Today or tomorrow, you can go where you want to, when you want to, by Greyhound. That's dependability.
